Greetings Tidewater Members and Friends,

We had a great turnout at FMMS 2021 in San Diego. I saw many familiar faces and was able to connect a few of them to names I've heard a lot. If you were not able to attend, we had a great lineup of speakers for keynotes, panels and innovation theater guests, as well as papers and other discussion panels.

With our planning getting ready to kick off for FMMS 2022 (East Coast), I urge you to get involved. FMMS is one of the biggest events ASNE hosts and certainly the biggest for our Section. When a small army gets involved in planning, it goes much better because of the opportunity to share the load. When only a few get involved, it makes it difficult to get things done because we all have day jobs too. I get that you may not want to commit, but when you do, I'm sure you will find it exciting to be a part of and very rewarding in the end. How can you help?

Committees

Programs committee
Innovation Theater
Hospitality
Marketing committee
Papers committee
Operations committee

These are *some* of the committees to give you some ideas to think about. We will send out some communications as things get rolling and opportunities come up. Don't be afraid to raise your hand.

Just like last month, I can say, it has been a busy few weeks. Our last dinner event was a huge success hosting **RADM Haycock**. He is a very enlightening and welcome speaker. I personally want to thank him for reminding all of us the day of our dinner event was also the Navy's birthday. You might think it was hard for him to do so as a retired Coast Guard Admiral, but since he is part of the Navy team, he seemed just as proud to be Navy as Coast Guard.

A note on membership – we have enough offers for free memberships for students inside our local section that no student should have to pay anything. Pass it on to any student you know and point them in our direction. We'll get them signed up.

ASNE started a new program where you can donate an unused car to Charitable Adult Rides & Services (CARS). Here is the link: [Donate your Car Here](#)

ASNE began its scholarship program in 1979 in order to promote the profession of naval engineering and to encourage college students to enter the field. The new season is upon us and we should all be encouraging our young engineers to apply for scholarships through ASNE. You can point interested students to **Ray Weber**, Scholarship Committee Chair. More information can be found [at this link](#).

Social media – If you are one to spend time on LinkedIn, Twitter, Instagram and Facebook, don't forget to post, share, like and get the ASNE logo out there.

Kind regards,
Vincent

Vincent Janowiak

ASNE TW NOVEMBER DINNER/MEETING PROGRAM

The ASNE Tidewater Section will hold the next dinner/meeting program on **November 17**. The program will have a virtual option through Microsoft Teams for those who cannot attend in person. Our guest speaker is **Rear Admiral William Greene**, Fleet Maintenance Officer, U.S. Fleet Forces Command. We look forward to seeing you!

Place: Holiday Inn Virginia Beach-Norfolk at [5655 Greenwich Road, Virginia Beach](#)

Time: 5:30 - 6:00pm Cocktails and Networking; 6:00 - 8:00pm Dinner and Program; Virtual 6:30—8:00pm

Cost:

- Virtual attendance: no cost - [MS Teams Meeting](#)
- Members: \$33 in advance / \$35 at the door
- Non-members: \$38 in advance / \$40 at the door
- Military: \$20 in advance / \$25 at the door
- Students: \$10 in advance / \$15 at the door

Whether attending in person or virtually,
please register on our [website](#) by
noon **MONDAY November 15**.
Thank you!

Even though ASNE TW and the hotel are taking all recommended health & safety precautions as put forth by the city and State of VA, in-person attendees assume all risk and liability.

Rear Adm. William Greene is a native of Ann Arbor, Michigan. He entered the Navy through the Reserve Officer Training Corps program at the University of Florida where he earned a Bachelor of Science in Nuclear Engineering. He also holds a Master in Business Administration from the University of Florida, a Master of Science in Mechanical Engineering, and a Master of Science in Naval Architecture and Marine Engineering from the Massachusetts Institute of Technology.

Greene's shipboard tours include USS Guitarro (SSN 665), USS West Virginia (SSBN 736) and USS Santa Fe (SSN 763). During these assignments, he completed three deployments, four strategic patrols and earned the designation qualified for command of submarines.

Following selection as an engineering duty officer, Greene served as a project officer at Puget Sound Naval Shipyard and Intermediate Maintenance Facility (PSNS&IMF); repair officer at Pearl Harbor Naval Shipyard and Intermediate Maintenance Facility; production resources officer and operations officer at PSNS&IMF; chief of staff for the deputy commander, logistics, maintenance and industrial operations; and military deputy for shipyard operations at Naval Sea Systems Command.

Greene was selected as the 84th commander of Portsmouth Naval Shipyard where the command earned the Department of Defense Robert T. Mason Award for Excellence in Depot Maintenance and a Meritorious Unit Citation. He then reported as the executive director for logistics, maintenance and industrial operations at Naval Sea Systems Command in August 2016 and in March of 2017 became the deputy commander, logistics, maintenance and industrial operations (NAVSEA04). Greene reported as the director, Fleet Maintenance, U.S. Pacific Fleet in September 2017.

Greene assumed his current duties as director, Fleet Maintenance, U.S. Fleet Forces Command in July 2019.

His decorations include the Legion of Merit, Navy Meritorious Service Medal, Navy Commendation Medal, Navy Achievement Medal and various other campaign and unit awards.

ASNE TW OCTOBER DINNER/MEETING HIGHLIGHTS

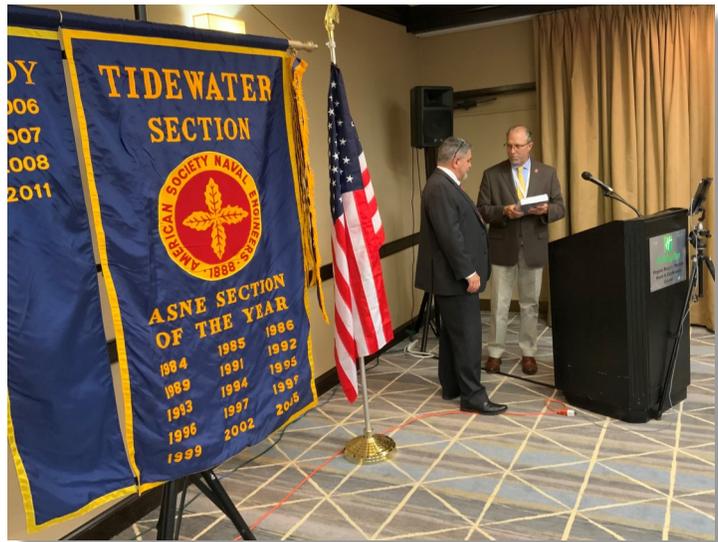

At our October dinner/meeting program, we were honored to hear from guest speaker, RADM Michael J. Haycock, USCG (Ret.), Deputy Commander, Navy Regional Maintenance Center, and Executive Director, Surface Ship Maintenance and Modernization. Mr. Haycock spoke about the NAVSEA21 directorate.

SEA 21 is the dedicated life cycle management organization for the Navy's in-service surface ships and is responsible for managing critical modernization, maintenance, training and inactivation programs. SEA 21 provides wholeness to the fleet by serving as the primary technical interface, ensuring surface ships are modernized with the latest technologies and remain mission relevant throughout each ship's service life. The organization also maintains inactive ships for future disposal, donation, or transfer, to include follow-on technical support to our partner navies.

He also discussed the importance of material readiness, the establishment of the SEA 21 Maintenance and Sustainment War Rooms, critical program office capabilities and the Navy Afloat Maintenance Training Strategy (NAMTS) success and how it is helping sailors increase their self-sufficiency once they return to the fleet.

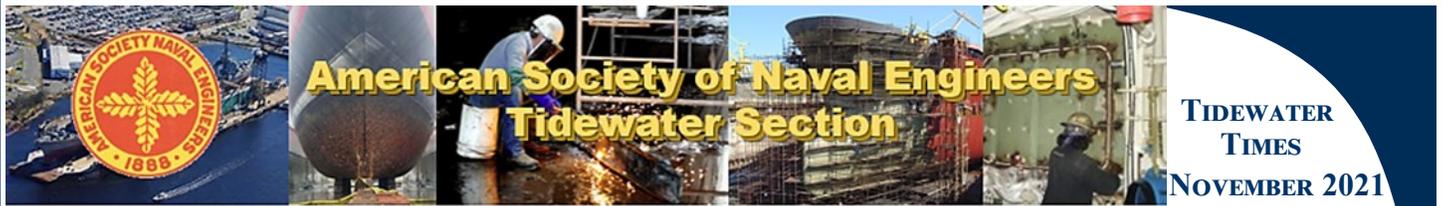

We also want to recognize and welcome these new ASNE TW members who attended the October program!

- Eileen O'Shaughnessy**
- David MacLeod**
- Juan Orozco**
- RADM William Greene**
- Mike Davis**
- Michael Coogan**
- Ken Blair**

ASNE TW MEMBERSHIP UPDATES

NEW MEMBERS

In September ASNE corporate had a special membership offer of \$18.88! This offer helped our Section gain over 70 new members! This was a great deal and we're very excited to welcome these new members to our Section.

STUDENT MEMBERS

For those who are currently students and would like to join ASNE, our President Mark Hugel has offered to pay a one-year membership fee for the first 10 students who contact him. If interested, please contact Mr. Hugel at mhugel@caci.com.

MEMBERSHIP SURVEY

At ASNE Tidewater, we are always looking for ways to expand our membership and we thought a survey might help us understand more about our current members and how to gain new ones. Feedback is always important to an organization. The information we receive will help us see if we are hitting the mark and also guide us in determining a path forward.

Below is a list of seven questions we plan to send to our current members and we hope you will consider completing it.

Membership Survey

1. How did you hear about ASNE? _____
2. How likely are you to recommend a friend to ASNE? SCALE 1-10; 10 being most likely. _____
3. What events do you attend during the quarter?
 - a. Dinner (live) _____
 - b. Dinner (virtual) _____
 - c. Symposia _____
 - d. Ship Visits _____
 - e. All of them _____
 - f. None of them _____
4. What would you like to see/hear more about? _____
5. Are you older than 30 years old? _____
6. What do you value most about ASNE TW? _____
7. Any additional comments or suggestions. _____

ASNE TW ODU STUDENT CHAPTER UPDATE

The ASNE Tidewater ODU Student Chapter is taking steps to increase student engagement. They will begin holding monthly meetings starting this month!

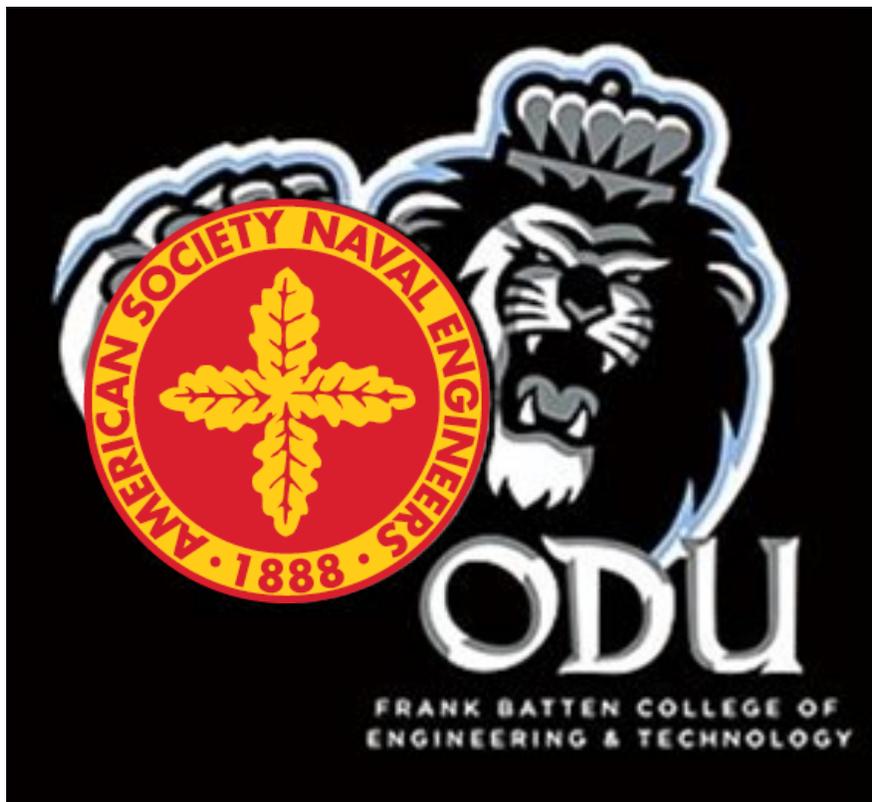

The plan is to hold these meeting on the 2nd Wednesday of the month in the Engineering Systems Building (ESB) - the room location is still to be determined.

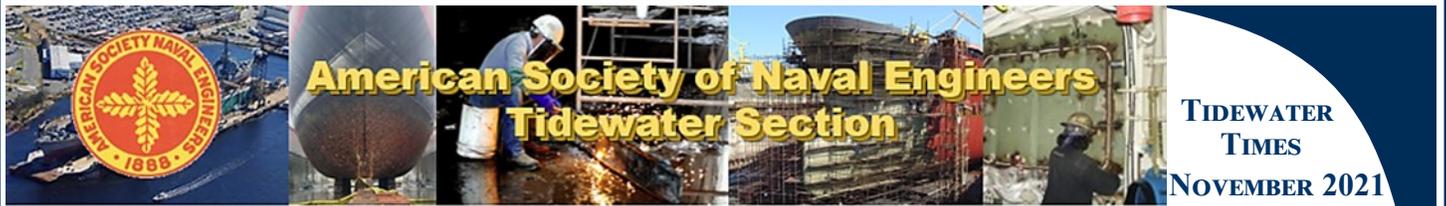

The meetings will be held at 5:00pm and pizza (or other take-out) will be served!

The group hopes to bring in guest speakers and introduce the students to the industry and the ASNE organization.

If you are interested in getting involved in the ODU Student Chapter, please contact **Daniel Erdogan**, President, ASNE ODU Student Chapter, at derdo001@odu.edu.

Go Monarchs!

ASNE 2022-2023 SCHOLARSHIP CAMPAIGN KICKOFF

The ASNE 2022-2023 Scholarship Campaign has kicked off! The ASNE Scholarship Application and Program details are now available on the ASNE Headquarters [website](#). The deadline for application submission is **February 7, 2022**. Completed applications will be reviewed by the ASNE National Scholarship Committee and recommendations for awardees forwarded to the ASNE National Council for approval. Scholarships award in the May/June 2022 timeframe.

Please spread the word to young future engineers and your college contacts to participate in the program. ASNE is looking for rising college engineering juniors, seniors and post graduate engineering students who are striving for a career in Naval Engineering. The ASNE National scholarship Committee is trying to increase the pool of qualified Scholarship applicants this year and needs *your help* to get the word out about the societies' outstanding scholarship program. Our young scholarship Engineers will certainly serve as a supplement to the future technical backbone of the Naval Engineering community and foundation of our society.

Frequently Asked Questions

To view or download FAQs: [ASNE Scholarship FAQs](#)

Application

Application submissions are now OPEN for the 2022-2023 academic year. To view or download the 2022-2023 application: [ASNE 2022-2023 Scholarship Application](#)

APPLICATION DEADLINE IS 7 FEBRUARY 2022!

PLEASE pass this message to a friend, family member, coworker, company HR department and your alma mater!

Thank you for helping ASNE and a potential career minded young future Naval Engineer!

FMMS 2021 SAN DIEGO - HIGHLIGHTS

Lead by planning Committee Chairman, **Capt. Glenn Hofert**, USN (Ret), the San Diego Section of ASNE hosted a very successful FMMS 2021 at the San Diego Convention Center, Oct 17-19th. Of the many great speakers, exhibits and other special features of the symposium, holding it “Live and In-Person” was what resonated most favorably amongst conference attendees. Kudos to ASNE staff and the planning committee to navigate through COVID-19 to bring this forum together.

Keynote speakers **VADM Roy Kitchener** (CNSP) and **VADM Bill Galinis** (NAVSEA) headlined a fantastic technical program of 4 keynote speakers, 4 plenary sessions, 24 technical papers, and over a dozen presentations in the Innovation Theater within the Main Exhibit Hall. Collaborative events with the USN Port Engineers, Industry-Navy Discussion Panel, Workforce Development Roundtable and NAVSEA-05 accentuated the core program.

Many thanks to members of the Tidewater Section who served on the Planning Committee: **Charlie Pfeifer**, **Dave Zilber**, **Jeff O’Donnell**, **Andy Vasquez**, and **RADM (Ret) Mark Hugel**.

FMMS returns to the east coast, at the Virginia Beach Convention Center. **Save the Dates: Sept 20-22, 2022.**

Our Planning Committee welcomes new volunteers to step in and help make it all happen!
